Dear team Morebo

We would like to take this opportunity to acknowledge the generous donation your company made towards helping those less fortunate for Mandela Day.

In total, Aletheia Ministries received an amount of R 11 167.00 from Morebo and staff members. The funds were used to purchase bulk non-perishable foods as well as a thermometer gun for one of the Five daycare centres we support.

The daycare centres have remained closed since before the lockdown started, and in many cases parents of the children lost their jobs due to the forced economic shutdown. The daycares have therefore not received any school fees since March, and this has resulted in 23 teachers not receiving any income. Aletheia has been assisting these teachers with bulk food purchases every three weeks, just to help them put food on the table for their families. As a Non-profit organization we rely solely on donations from caring companies and individuals to keep doing this. In the week preceding Mandela Day, we did not have sufficient funds to be able to purchase the full list of goods for each teacher.

Your donation ensured that we could complete the shopping for the teachers, as well as provide bulk food parcels for twenty desperate families (Four families through each of the Five daycare centres), as well as four additional parcels for individuals within Randburg whom we also assist with food on a monthly basis. All in all, 48 bulk food parcels were handed over. That's between 200 to 250 individuals having food to eat. Each of these 48 families are in a desperate situation right now. Many families have relied on one Sole breadwinner who has now lost an income, which affects the entire family. Some individuals have disabilities, many are elderly, and

some have terminal illnesses. Where people are receiving some sort of assistance through a government grant, they have to feed a household of up to ten individuals for a month. For most, providing food for their families every day, is a struggle they face continually.

What you have done is provide more than just a parcel of food. People in desperate situations like these find it extremely difficult, and sometimes impossible, to have hope. Your selfless actions have shown them that there are still good people out there, and that they have not been forgotten or abandoned. You have given these families a reason to keep fighting on, and to not give up.

Thank you, from the bottom of our hearts, for making a difference.

Yours faithfully,
